The seminar aimed to create awareness about the negative impacts of ragging and promote a culture of respect and harmony among students. After the felicitation of guests and the lamp lightening ceremony, the event began with an opening speech by our Honourable Principal, Dr. Nurul Islam, highlighting the college's zero-tolerance policy towards ragging and emphasizing the importance of creating a conducive learning environment for all students. This was followed by an enriching speech delivered by the guest speaker, who shared insights on the legal aspects of ragging, the psychological impact on victims, and the role of students in preventing ragging incidents. He also Real-life presented case studies to illustrate the detrimental effects of ragging on victims and the importance of taking a zero-tolerance stance against such behavior. A question-and-answer session was also managed to have been included in the programme. This allowed students to express their questions and concerns about ragging policies and processes. The attendees enthusiastically participated in talks, giving their viewpoints and promising to uphold dignity and compassion in their dealings with other pupils.

**Outcome:** Students as well as faculty members present at seminar got enriched with the worthy words and information delivered at the guest's speech. This seminar was a huge step towards instilling a culture of respect, empathy, and mutual understanding among students and would be expected to have been fruitful action towards the eradication of ragging on the college campus.
