Best Practices

Education caravan was arranged by IQAC during the month of July 2022 for propagating the courses both curricular and professional to the surrounding locality. Honorable principal in accompaniment with a number of teaching and non-teaching staff of college visited surrounding locality especially the feeder schools with a flex a sound system and a canvassing video. Interpersonal communication with prospective students was arranged in each session of a couple of hours. There were 8 such sessions in total which finally resulted in a larger frame of visibility among prospective students. It influenced the admission process during July and August 2022 in a positive way.

Hiralal Bhakat College being situated in a semi-urban area caters to student population coming from remote rural places of the district. It plays a crucial role in democratizing access to higher education, particularly for students from geographically isolated and socio-economically disadvantaged backgrounds. This essay explores student diversity by offering skill-based programs, providing academic support systems, and taking scientific and differentiated approaches for education of both advanced and struggling learners. Interpersonal counseling sessions were arranged at regular intervals for making the said category comfortable with the prevalent academic structure.
