A Report of

One day Waste Management Drive

On the theme:

“Sustainable Steps: HBC College's Waste Management Initiative”

Report in brief:

- **Date:** 07.11.2019
- **Time:** 11.30 PM
- **Place:** Hiralal Bhakat Campus Area, Nalhati, Birbhum, WB.
- **Organising Committee:** The Students' Welfare & Social Service Advisory Committee

Committee Details:

Convenor: Dr. Mukhlesur Rahman.

Members:

1. Prof. Kritiman Biswas.
2. Prof. Syed Manuaruz Zaman.
3. Dr. Banshidhar Sahoo
4. Dr. Ranabir Mondal.
5. Dr. Niladri Das.
6. Shri Jokibur Rahman.
7. G.S., S.U.
8. C.R.S., S.U.

• **Participants' Details:**

1. No of Students-30
2. No of teachers-05

Description of the Drive:

Introduction:

In the quest for a cleaner, greener future, HBC College took a significant stride forward on November 7th, 2019, by conducting a Waste Management Drive. This initiative aimed not only to address the pressing issue of waste accumulation but also to instill a sense of environmental responsibility within the community. The drive was a testament to the college's commitment to sustainable practices and community engagement.

Objectives:

- To raise awareness about the importance of waste management.
- To actively involve students and faculty in practical environmental conservation efforts.
- To promote the adoption of eco-friendly habits among the college community.
- To contribute towards a cleaner and healthier environment for all.

Event Highlights:

The Waste Management Drive kicked off with an enthusiastic gathering of students, faculty, and volunteers, all eager to make a positive impact. Various activities were organized throughout the day, each designed to engage participants and drive home the message of responsible waste disposal.

1. **Clean-Up Campaign:** Teams fanned out across the college premises, armed with gloves and garbage bags, to collect litter and waste materials. The collective effort resulted in the removal of a substantial amount of waste, visibly transforming the surroundings.
2. **Segregation Stations:** Stations were set up to educate participants on the importance of segregating waste at the source. Interactive demonstrations illustrated the process of separating recyclable materials from non-recyclables, empowering individuals to adopt this practice in their daily lives.
3. **Recycling Workshop:** A hands-on workshop provided insights into the recycling process and showcased creative ways to repurpose waste materials. Participants learned how simple actions, such as upcycling old items, could contribute to waste reduction and conservation efforts.
4. **Awareness Sessions:** Expert speakers delivered informative sessions on topics ranging from composting techniques to the impact of plastic pollution on the environment. These sessions fostered a deeper understanding of environmental issues and inspired attendees to take proactive steps towards sustainability.

Outcome:

HBC College's Waste Management Drive stands as a shining example of proactive environmental stewardship and community engagement. By mobilizing resources and inspiring action, the college has demonstrated its dedication to creating a cleaner, healthier planet for present and future generations. As we reflect on the success of this initiative, let it serve as a catalyst for continued efforts towards sustainable living and responsible waste management.

Acknowledgments:

We extend our heartfelt gratitude to all participants, volunteers, sponsors, and organizers who contributed to the success of the Waste Management Drive. Your enthusiasm and commitment have made a meaningful difference in our collective journey towards a greener tomorrow.
